

A-Z BATH TIME

MATCHING

my first **BATHTUB** memory game

Ages 3+

1+

Includes: 52 Foam Tiles (26 Pairs) & Drawstring Bag

Bath Matching Ages 3+

1. Choose any number of pairs and create a grid face up in the water. Keep all extra pairs out of the tub.
2. When ready, flip the tiles over so they're face down.
3. Now, have your little one choose two tiles to flip over.
 - If they match, place them on the wall.
 - If they don't match, flip them back over and try again.
4. Once all pairs have been matched, place them back in the tub to start another game, and add another pair or two if they're ready for a bigger challenge.

We recommend starting with a 2 x 3 or 2 x 4 grid.

The stormy seas will start to spread the tiles around!

Even though **A-Z Bath Time Matching** is made for bath time, the rules definitely apply on dry land for ye landlubbers. Simply adjust the rules accordingly.

Learning the Alpha-bath Ages 3+

Want to incorporate a little fun learning into bath time?

1. Place a full set of tiles into the tub (A-Z) - face down for even more of a challenge.
2. Have your little one find the letter A, say the letter, and stick it to the bath wall. *The foam tiles stick to most shower/tub walls when wet.*
3. Now ask them to find the rest of the letters in order until the entire alphabet is on the wall.

Sea & Spell Ages 4+

Ready for the next level of sudsy learning?

1. Place a full set of tiles into the tub, face up (A-Z).
2. Next, call out words for them to spell (start with 3-4 letter words).
3. Stick the letters on the wall as each word is spelled, saying each letter as they are placed, then repeating the word when completed.
