# LET'S BUILD!

When you need a break from designing your own creations (P.S., share with us @**ChuckleandRoar** on Instagram and Twitter), try one of our 50 building challenges.

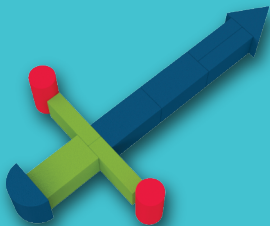

Blue or no number = easy  
Red = hard

This is how many pieces you'll need for the challenge.

Use the pieces to recreate the shown image.

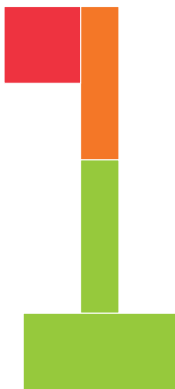

For the easy challenges, simply build the image flat on a surface, as it appears in the booklet. There's little to no stacking involved.

For the hard challenges, you will need to build upward and maybe outward. Some may be more challenging than others, and you might need to use your imagination to complete them.
